QUESTION 3 (25 MARKS)

A) On January 1, 2015, Bambino Bhd issued RM10 million **zero coupon interest rate loan notes maturing** in five years' time at a premium of 50%. Prevailing interest rate is 8.5%.

Required:

- a) What should be the accounting treatment for this financial instrument? Explain your answer and show computation where relevant for 5 years. (6 marks)
- b) Prepare extracts of the statement of profit or loss and statement of financial position for all five years. (4 marks)

B) Bambino Berhad also issued 1 (ONE) million convertible loan debenture for RM100 million cash (par value) on January 1, 2015. Holders can choose to redeem it into 100 million ordinary shares of RM1 at the end of three years. Interest was paid annually in arrears at a rate of 6% per annum. Bonds without the conversion option attracted an interest rate of 9% per annum at issuance date. The company incurred issue costs of RM1 million. All bonds were converted into ordinary shares on maturity date.

Continued...

Required:

a) What should be the accounting treatment for this financial instrument? Explain your answer and show computation where relevant. (5 marks)

b) Prepare the journal entries for the transactions from issuance to redemption. (10 marks)

(Total: 25 marks)

QUESTION 4 (25 MARKS)

A) What is the general principle of recognizing assets, liabilities, income and expenses for interim reporting under MFRS134? (5 marks)

B) Tinta Bhd is a printing company in Sungai Buloh. It prepares interim half-yearly reports. Its financial year-end is 31 December 2015. The following information was gathered.

Required:

For each of the situation below, discuss how each of the item should be treated in the interim report as on 30th June 2015. Support your answer with the relevant standards and computations where relevant.

- i. The government has recently announced the Third Mass Rapid Transit line. One of the stations is right next to Tinta's property. This caused a flurry of sales of the factory and land properties in the area. The carrying value of Tinta's property is RM800,000 (factory RM200,000 and land RM600,000). The factory has a remaining useful life of ten years. The most recent sale of a similar property in the area is RM3.2 million. (5 marks)
- ii. On 1 January 2015, Tinta granted its 50 staff 5,000 share options each. The exercise price is RM5. The staff were required to remain in service for three years. The company valued the share options on 1 January at RM6. In June 2015, two staff left. (6 marks)
- iii. There was a recent fire in one of the storage rooms. Inventories of RM20,000 was destroyed and it will cost RM30,000 to restore the storage rooms to usable condition. The repairs will take place in October 2015. (3 marks)
- iv. One of Tinta Bhd's subsidiaries was expected to declare its dividends for the year ended 31 December 2015 on 31st April 2016. However, it only declared it on 1 July 2016. (3 marks)
- v. Tinta Berhad has a practice of sending their staff on a company trip at the end of the year. The amount budgeted for 2015 was RM1 million. (3 marks)

(Total: 25 marks)
